Decision

1. Complainant Shri Binayak Prasad Mohanty is absent. His absence is condoned u/R 9(2) of the Orissa Information Commission (Appeal Procedure) Rules, 2006. Additional Chief District Medical Officer-cum-Public Information Officer, Office of the CDMO, Puri Dr. Girija Kumar Mishra is present. Heard and perused the case record.
2. Form A application was filed by the Complainant Shri Mohanty before the PIO on 05.10.2006. The seeker of information in his form A application sought a copy of beadhead ticket of Shri Bansidhar

Gochhayat of 31.10.2001 and he wanted the information to be collected in person.

3. The Complainant was intimated vide letter No.8226 dated 02.11.2006 that the said information is not readily available. The PIO submits that the bedhead tickets are dumped in a store room. He did not have much hope to recover the same. However, because of persistent and sincere efforts the said information was traced out on 13.06.2007. As the Complainant wanted the information to be collected in person he was informed over telephone to collect the same. Since he did not turn up finally it was sent by Registered Post on 27.10.2007.
4. The PIO submits that considering the nature of information sought for which is fiduciary in character and relates to third party, instead of rejecting the application u/S 8(e) he tried to furnish the information, but since the information relates to the years 2001 and all bedhead tickets are dumped together, it took long time to trace out the record.
5. From the submission and records no malafide intention is imputed to the PIO and hence the case is closed and disposed of, now that information has already been provided.
